THE HANDY AND ECO-FRIENDLY PAPER DISPENSER BOX

The Void-Fill Paper is the ideal solution for fast and eco-friendly dispatches in small and medium-sized quantities. Perfect for filling and stuffing packages for operators of online shops as well as for private parcel deliveries, Void-Fill Paper is well suited for all types of dispatched articles, whether fragile, light or heavy, small or large.

One box provides a filling volume of 0.83 m3 and is enough for up to 553 packages. Requiring an area of only 24 x 39 cm, this box fits in every corner and allows a mobile usage. The Void-Fill paper consists 100% of recycled and recyclable paper and is certified with the FSC ecolabel.

It's so easy to use:

- 1 - Stand the box where you want to pack your goods.
- 2 - Tear out the inner carton ring.
- 3 - Pull out paper from the inside of the roll and tear it off.
- 4 - When about half has been used, tear out the outer carton ring.
- 5 - Reuse the box whenever possible.
